The Pentegra 401(k) Advantage delivers all of the services you need from a single provider, including plan design and document support, plan consulting, administration and recordkeeping, legal and technical support, trustee and custodial services, regulatory compliance and government reporting, investment management, and sponsor and participant communications.

Our comprehensive approach includes a dedicated relationship management team—backed by in-house ERISA attorneys, certified investment professionals, actuaries, consultants, compliance experts, and communication and education specialists who are knowledgeable, experienced and trained to handle the complex issues surrounding retirement plans.
