

OKDO – MANUFACTURING ADDENDUM (September 2019)

1. Background and Definitions

- 1.1 This addendum incorporates, and is additional to, the latest version of the OKdo terms of purchase (the "**Terms**") which apply (in addition to this addendum) – this addendum applies where OKdo requires a Supplier to first manufacture, and then supply, Goods to it, under a Manufacturing Contract (as defined below).
- 1.2 Expressions defined in the Terms and used in this addendum have the meaning set out in the Terms.
- 1.3 The following additional definitions apply in this addendum:

"Approved Sample" means a sample(s) of Goods approved by OKdo in writing;

"Bespoke Goods" means Goods made to order by the Supplier in accordance with a Specification supplied by OKdo;

"Manufacturing Contract" means a Contract incorporating this addendum;

"Product Liability Claim" means: (i) a claim that the Goods are not safe when put to any reasonably foreseeable use; and/or (ii) any breach (or alleged breach) of clause 8.1 of the Terms and/or clause 6 of this addendum;

"Specification" means the technical specification for the Goods as agreed between the parties within the technical files detailed within the Schedule or as otherwise shared by OKdo with the Supplier; and

"Trade Marks" means the trade marks owned by or licensed to OKdo specified in the Schedule.

2. Bespoke Manufacturing

Clauses 1 to 8 of this addendum shall apply in respect of any Bespoke Goods supplied by the Supplier to OKdo (the "**Bespoke Terms**"). If there is any conflict or inconsistency between the terms of Terms and the terms of the Bespoke Terms, the Bespoke Terms shall prevail to the extent of that conflict or inconsistency and all non-conflicting and consistent terms of the Terms shall then remain (together forming the Manufacturing Contract). However, where there is no such conflict or inconsistency of terms, all the provisions of the Terms remain, and all of the terms of the Bespoke Terms are then additional to those (together forming the Manufacturing Contract).

3. Description of the Goods

The Supplier warrants, undertakes and represents on an ongoing basis that the Goods will: (a) conform as to the quality, quantity, and description set out in the Order; (b) conform in all respects to the Specification and any Approved Sample; (c) comply with all applicable statutory and regulatory requirements; (d) unless otherwise agreed in any Schedule, comply with the documentation provided; (e) conform to any applicable national or international standard; and (f) carry all relevant certificates of inspection and testing, and all relevant instructions and safety data sheets.

4. Warranty

Without prejudice to any other OKdo rights or remedies, if any breach of clause 3 of this addendum, or clause 6 of the Terms is discovered within 2 (two) years from the date of delivery to OKdo (or such other period as may be specified in any Schedule), OKdo may give notice in writing to the Supplier and return the defective Goods to the Supplier at the Supplier's risk and expense. The Supplier must and will credit the purchase price and all delivery costs to OKdo within 1 (one) month after the notice.

5. Rejection

- 5.1 OKdo may reject any Goods delivered to it that do not comply with clause 3 of this addendum or clause 6 of the Terms.

7. Intellectual Property
